THE ULSTER MEDICAL JOURNAL

NOTICE TO CONTRIBUTORS

1. Authors are reminded that concise and clearly expressed papers are those most welcomed by readers and by the Editorial Board.
2. Manuscripts should be typewritten with double spacing and with wide margins. They should be fully corrected, and contributors will be responsible for the payment of any sum charged for alterations in printer's proof in excess of 50p per sheet (16 pages).
3. References should be restricted to those really necessary, and useful and cited as in the publications of the British Medical Association and in most modern British journals. Either the full title of a journal or its correct abbreviation as given in *World List of Scientific Periodicals* or *World Medical Periodicals* should uniformly be employed.
4. Tables and illustrations should be reduced to a minimum, and should be sent detached from the typescript of the paper. Line drawings should be used whenever possible. All illustrations must be in a finished form ready for reproduction. Authors may be charged for all blocks at cost price.
5. Orders for reprints must be given when the author returns the printer's proof. The cost of these may be obtained from the printers in advance.
6. Editorial communications should be sent direct to the Editor, Professor J. E. Morison, D.Sc., M.D., The Laboratory, Belfast City Hospital. The Editor will be glad to advise authors on the preparation of their manuscripts.

ADVERTISEMENTS

First advertising forms go to press thirty days in advance of the date of issue. In forwarding copy, time must be allowed for setting up and submitting proof. All communications for space must be sent to:

TradePress, 10 Kinnaird Street, Belfast BT14 6BE.

This list may contain inaccuracies and the Honorary Treasurer, Dr. N. C. Nevin, Department of Medical Statistics, Institute of Clinical Science, Grosvenor Road, Belfast BT12 6BJ, would like to be informed of these. Fellows and Members, who may wish to bring the activities of the Society to the attention of colleagues, will find details and an application form at the back of the journal.

THE ULSTER MEDICAL SOCIETY

P.O. Box 222,
Belfast City Hospital,
Belfast 9.

If you are not a member of the Ulster Medical Society, we would appeal to you to give the question of joining your consideration. The Society has been in existence since 1862 (and is the direct descendant of the Belfast Medical Society founded in 1806), and has always been active in keeping its members interested in the advances in medical science. Meetings are held at intervals of a fortnight during the winter months, and papers are contributed by members and distinguished guests. Facilities are provided for doctors to meet informally afterwards and have a cup of tea. *The Ulster Medical Journal, the official organ of the Society, is issued to all Fellows and Members free of charge.* The Society will soon be rehoused in its own Rooms (in the new buildings at the Medical Biology Centre) which will replace the Whitla Medical Institute which had to be vacated in 1965.

May we, therefore, appeal to you to join the Ulster Medical Society, and so enable us to widen its influence and sphere of usefulness still further? A proposal form is appended: your proposer and seconder must be Fellows of the Society. If you do not know any Fellows please contact the Honorary Secretary. All persons registered as medical practitioners under the Medical Acts shall be eligible for election as members of the Society (Constitution, Section VI). Temporary membership may be allowed at the discretion of the Council.

If you do not wish to become a member of the Society, will you consider entering your name as a subscriber to THE ULSTER MEDICAL JOURNAL? The subscription is £2.00 per annum, payable in advance to the Honorary Treasurer.

D. H. CRAIG, *President.*

D. R. HADDEN, *Hon. Secretary.*

N. C. NEVIN, *Hon. Treasurer.*
